VOLUME XXXVIII. No. 7.

STANFORD, LINCOLN COUNTY, KENTUCKY.

FRIDAY, JANUARY 27th, 1910.

\$1 A YEAR STRICTLY IN ADVANCE

PHONE FIGHT NOW UP TO THE COURTS.

CITY TO ATTEMPT TO FORCE
EAST TENNESSEE TO SE-
CURE A VALID FRAN-
CHISE.

The fight against the East Tennessee Telephone Company in Stanford in order to secure a reduction in the increase in rates, is to be waged before the courts. The City Council is going to sell a telephone franchise and if the East Tennessee Company does not buy it, will be given a reasonable time to secure one or be notified to remove its poles from the streets. Following the Court of Appeals in the Frankfort case, the company will be given three months in which to comply, this being considered a reasonable time in view of the phone company's long occupancy of the city. The whole question at issue lies in whether the East Tennessee Company has a valid franchise in the city of Stanford. The company claims it has while Mayor Florence, and the City Fathers do not believe that it has. On that point will the issue lie, for outside of that the cases of Stanford and Frankfort are parallel, and the victory of the city of Frankfort means that Stanford can force the company to come to terms, if it is proven that the phone people are doing business here without a franchise. It is probable that a special attorney will be employed by the city to prosecute this case, for he outcome means a great deal to the people of the community and everything possible should be done, it is felt, to wage the issue to a successful termination if possible. Nothing definite has been done as yet toward the formation of an independent phone company, here for the reason that the business men and citizens generally do not want to have two phone systems in the city and do not want to take any steps which might lead to that undesirable condition, until the legal status of the company which is in operation here now is fully ascertained.

A number of the groceries began putting in their phones again early in the week, and the matter now is to be left up to the courts, others who desire them have put back their phones, and will pay the new and higher rate until the courts have acted in the matter and have indicated just what are the rights of the company. Mayor Florence is determined to push the matter to a final decision and in this he has the support and active backing of practically every citizen of the community. Everyone seems desirous of having this matter settled once and for all so that the people may know just what to expect.

Wearen Hughes.

HAS BETTER LUCK WHEN HE
COMES IN KENTUCKY.

L. Wearen Hughes, of Stanford, who is making good as city passenger agent of the L. & N., at Memphis, Tenn., went hunting the other day. The Memphis News-Schmitt tells the story under big headlines as follows: **HUGHES A HUNTER BUT IS TOO KINDHEARTED.** Tramped many miles in two days, but bagged only four innocent birds. After tramping 400 miles in two days he at least he says he feels like a) wasting valuable ammunition, looking his friends, L. W. Hughes, the convivial city passenger agent of the L. & N. railroad, returned to Memphis this morning from an alleged hunting trip near Newbern, Tenn. Mr. Hughes did not come back empty handed—he brought four (4) birds with him, the fruits of his kill as a hunter.

When the birds in the case were known this morning in the L. & N. office the usual quiet, peaceful atmosphere of the place was not to be found.

"Look here, Hughes," exclaimed A. H. Stout, division freight agent. "My wife is expecting to have birds for dinner tonight. She remarked this morning that it would not be necessary to order any meat today, as you would be back with the birds you promised to bring me when you left. It seems strange that you should not come back from Newbern, where birds grow on the trees, with only four speck birds."

"I am mighty sorry, Mr. Stout," replied Hughes, "but I just naturally couldn't do it."

"Now, don't try to fix this up by making excuses," broke in George McLean. "I've gone ahead and made arrangements for that bird dinner you promised to-night. The oysters and olives have been ordered and I've got a chef waiting for the birds. Thought you knew how to hunt."

"I tell you I couldn't find any birds," insisted Hughes. "I tramped about 400 miles in two days and brought back the only birds I saw."

"Can you beat that?" remarked McLean, after a full in the conversation.

"No, I can't beat that record," said Mr. Stout. "What's the number of the meat market?"

Congressman Helm.

AGAINST BIG APPROPRIATION
FOR AEROPLANES.

Congressman Harvey Helm was against the appropriation for aeroplanes for the United States army just made by Congress and had some pertinent words to say on the subject when the bill was under discussion. The Washington Times said of it:

Aeroplanes, balloons, the state of unpreparedness for war, the North Pole, and Walter Wellman were the diversified subjects upon which the House talked for several hours before the final passage of the army appropriation, which was amended so as to authorize an expenditure of \$125,000 for the purchase and operation of aeroplanes for army use.

Walter Wellman was dragged into the debate by Representative Helm of Kentucky, who was against the appropriation, and who described Wellman as "Sir Walter Wellman, the man who is always trying stunts but never gets anywhere." Protesting against the \$125,000 appropriation as a waste of money, Mr. Helm, to the evident amusement of the House, said:

"I am not afraid of an invasion of this country by a flock of aeroplanes from Asia or any other nation. Suppose we had 10,000 aeroplanes in their present embryonic state of development, suppose Germany had 1,000,000. France twice the number, and England 1,000,000. What would come of it?"

"Take this Sir Walter Wellman, for instance. He captured the North Pole several times, but never got anywhere. He was going to fly across the ocean, but he came back. It has been demonstrated that if there's any man in the United States who is willing to pull stunts it is this Sir Walter."

Crab Orchard.

Miss Mary Bruce of Stanford has been visiting Mrs. Carroll Bailey and family.

Mrs. John McCarty continues quite ill.

Mr. T. J. Unlton is still on the sick list. Mrs. Curtis Gover entertained a number of her young friends Monday evening in honor of the 14th birthday of her son, Shirley. Those present were: Misses Ellen Holmes, Birdie Perkins, Mamie Holmes, Lucille Morgan, Melinda Chidwick, Messrs. T. Ross, and Charlie Moore, Billie G. Hollins, Jack Perkins, Harmon Kimball, Tom H. Prunghard, Edward Edmiston, Pete Tully.

The Crab Orchard High Club gave a dance last Friday night. They were glad to have with them so many good dancers from Stanford and other towns.

Mrs. J. C. Bailey and sister Miss Mackey entertained at an informal "500" party at their home Friday afternoon in honor of their guest Miss Mary Bruce. Those present were: Misses Clara and Pearl Collier, Miss Mag James, Mrs. Wallace Gover and Mrs. Dr. Dick.

Mr. D. C. Payne has returned from a visit to Middleboro and Berlin.

Miss Kathryn Brown is at home on a visit to her parents Mr. and Mrs. H. H. Irons.

Miss Eliza Pollock, aged 75 years, died at her home near Crab Orchard Monday of stomach trouble after a lengthy illness. She was an aunt of T. W. Napier, postmaster of Crab Orchard, and a most estimable Christian woman. Her remains were laid to rest in the Goshen cemetery Tuesday.

The following provisions of the contract between the city of Stanford and the Water, Light & Ice Company, are published by direction of the city council:

If any of the street lights fail to burn and are not made to do so in one hour after notice of the failure is given to Mr. G. L. Penny or Mr. B. F. Rout, the city is to have credit on the sum to be paid for the lights by \$1 per night for each light that so fails, but no credit shall be allowed unless Mr. Penny or Mr. Rout are notified of the failure by the municipal within 24 hours after he is notified.

The original notice of failure may be given by any citizen verbally or by telephone. Public notice is to be given to the citizens of Stanford that they are requested to report to Mr. Penny or Mr. Rout verbally or by telephone all failures of lights to burn that may come under their observation and if the trouble is not remedied within an hour to report that fact to the municipal.

I. F. Roberts and Wm. Cummins, of the Prochessville section, lost a wheel from their buggy when a horse they were leading scared at the morning of L. & N. train Wednesday and dashed into the vehicle, breaking the wheel. They secured another wheel and returned home. Luckily neither was injured.

28 CAR LOADS OF KENTUCKY MULES

GO SOUTH IN ONE SHIPMENT TO
BIG MARKETS—ARE ALWAYS
IN DEMAND.

Twenty-eight car loads of Kentucky mules passed south over the Cincinnati Southern railroad through this county the first of the week, en route to the Georgia market. The train which carried them was a solid "mule train." Other large shipments have been made to the Southern mule markets lately, the trains being largely laden with the long eared hybrids, but the 28 car loads believed to be something of a record. Averaging 25 mules to the car this would mean one shipment alone of 700 mules.

Col. Eugene Blakemore, of Shelbyville, Tenn., an extensive farmer and mule buyer from this section, was in Lincoln Wednesday and told of seeing this large shipment going to the south. He came up expressly to negotiate with I. K. and Jones Brumham of the West End for a car load of mules.

"Mules are coming rapidly to the front as a mule train," said Col. Blakemore, "but no matter how many they raise there, they will never be able to supplant the Kentucky and Tennessee mules. The mules from these two states have a reputation that makes them valuable anywhere. The Missouri mules are sluggish and stupid beside the mules you raise here, and they cannot take the southern market away from them."

Col. Blakemore says that the large cotton markets raised in recent years in the south have had much to do with the demand for Kentucky mules. The southern farmers have made money, and are constantly needing mules in their work, which is hard on the animals and quickly wears them out, making the demand for new stock almost continuous.

May He Live To 100.

SQUIRE DUDDERER CELEBRATES
HIS 91ST BIRTHDAY.

Probably the oldest man in the county is Squire James Dudderer who celebrated his 91st birthday a few Sundays ago at the home of his son, Mr. L. T. Owens, in the Mt. Vernon section. The Squire has been endeavoring to secure a picture of this popular gentleman, but has not been able to do so to date, so will tell of his celebration anyhow.

Col. Reuben Williams, one of his best friends was present to eat dinner with him and they had a royal time, sitting down to a genuine Kentucky old fashioned dinner, for which the people in the West had no so famous.

Although over a score past man's allotted span of three score and ten years, Squire Dudderer is as youthful as many men are his age. He still reads his Interior Journal twice a week without the aid of glasses, and is able to get about the farm and do anything that he pleases. He was heartily congratulated by his many friends upon reaching his 91st milestone, and all wish that he may round out an eventful century or more.

Squire Dudderer is one of the very few remaining Mexican War veterans in the County and probably the only one left in Lincoln county.

RAILROAD FOR MONTICELLO. The Cincinnati Enquirer said Sunday:

The Queen & Crescent route, it was announced in Cincinnati yesterday, will have a new feeder in the near future, as the Cincinnati and Nashville railroad, a reorganization of the Overton County Railroad will build a line from Livingston, Tenn., northeast through Brydystown and Monticello, Ky., to Somerset a distance of 78 miles. The new line will be heavy work including rock work, one tunnel two steel bridges and one trestle. The line will be built by the Louisville and Nashville.

At the present time the line is 15 miles long, running between Livingston and Algood Tenn. At the latter town it connects with the Tennessee Central. The general offices of the company are in Nashville.

The road has been in the hands of a receiver. W. W. Yatesman is Superintendent, with headquarters at Livingston.

TRACKED BY A LETTER.

Tracked by a letter, Phil. William Dunivant, wanted in Laurel county on the charge of misappropriating \$4,000 from P. C. Jones, has been arrested. Kentucky papers for his return to Kentucky were issued today by Governor Wilson. The handwriting on a letter to a friend in Laurel county led to the discovery of his whereabouts.

KILL MORE THAN WILD BEASTS. The number of people killed yearly by wild beasts don't approach the vast numbers killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever, ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50 cents at Penny's Drug Store.

Cousin Of Dink Farmer.

BORN IN LINCOLN PASSES AWAY
AFTER LONG LIFE, IN CALI-
FORNIA.

Col. Dink Farmer, Lincoln county's popular jailer, has just received a copy of the Sutter County (California) Farmer, telling of the death there of his cousin, Hon. L. P. Farmer, who was born in Lincoln county and left here many years ago for the golden west. He made a fortune there, and became one of the most prominent citizens of his community. Many of the older residents of this section will remember him. The Yuba City paper said of his death:

Death has called another old pioneer and one whom all knew and highly respected. Lewis P. Farmer, whose illness has been severe for the past year or two, passed away at his home near O'Banion Corners in this county, last Tuesday, and his taking off leaves another place vacant in the ranks of the substantial citizens of Sutter county.

Mr. Farmer was born in Lincoln county, Kentucky, February 7th, 1834, being over 76 years of age at the time of his death. He came of patriotic stock, his paternal grandfather having fought in the Revolutionary War. Mr. Farmer removed to Missouri in 1856, and engaged in farming and in 1864 near the close of the Civil War came to California by the Isthmian route, locating in Sutter county. He secured employment on the Hock Farm the old home of General Sutter, and later bought a tract of land where his present home is located. He followed the farming industry having good success, as he was progressing and painstaking.

Mr. Farmer always took an active interest in public affairs and was Supervisor of this county for eight years, serving as Chairman of the Board. He was also one of the principal workers in the Anti-Debris Association, which put a check on the hydraulic mining evil.

Mr. Farmer was married November 27, 1861, in Missouri to Miss Elizabeth Bailey, sister of George Bailey, also of this county, and they had five children, four of whom are living: Lee J. Farmer, Mrs. Emily C. Carpenter, and Mrs. Alice Mangum of this county, and Mrs. Estelle Larance of Chico.

The deceased was a man of high qualities, kind and charitable, public spirited and always ready to assist in legitimate local enterprises. He was a man who united sound sense with strong convictions, and eminently fitted to uphold the noble elements of pioneer society into form and consistency, and aid in raising a high standard of citizenship. How much the community owes him and such as he, it is impossible to estimate, though it would be a grateful task to trace his influence through some of the more direct channels, to hold him up in his various characters of husband and father, of neighbor and friend, to speak of which he has reared to perpetuate his name and emulate his virtues.

The funeral will take place this Friday morning from the residence, services being held at 10 o'clock in the Sudder City Cemetery.

ESCAPED WITH HIS LIFE.

"Twenty-one years ago I faced an awful death," writes Mr. H. B. Martin, Port Huron, Mich. "Doctors said I had consumption and the dread thought I had looked like it, sure enough. I tried everything, I could bear of, for my cough, and was under the treatment of the best doctor in Detroit, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery and I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure. It positively guaranteed for coughs, colds, and all bronchial affections. 50 cents & \$1. Total bottle free at Penny's Drug Store."

TAKE CARE!

Remember that when your kidneys are affected, your life is in danger. Mr. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and threw my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put more life and strength into me and now I am completely cured and feel better and stronger than for years."

FOLEY'S KIDNEY REMEDY—AN

N. Y. writes: "I wish to express my appreciation of the great good I derived from Foley's Kidney Remedy which I used for a bad case of kidney trouble. Five bottles did the work most effectively and proved to be beyond doubt it is the most reliable kidney medicine I have ever taken." Shugars & Tanner.

For either acute or chronic kidney disorders, for annoying and painful urinary irregularities take Foley's Kidney Pills. An honest and effective medicine for kidney and bladder disorders. Shugars & Tanner.

Maurice Perkins.

WRITES INTERESTING LETTER
FROM TEXAS TOWN.

Maurice M. Perkins, of Crab Orchard, who is in the west on a prospecting and pleasure trip, writes the Interior Journal an interesting letter descriptive of Wichita Falls, Texas, which is one of the progressive little cities of the Lone Star State. Mr. Perkins writes:

Wichita Falls, Texas
To My Kentucky Friends:—

Will write you a short letter concerning Wichita Falls the first growing and most enterprising city of northwest Texas. Reached here last Sunday and have not had time to find out all the good things. Wichita Falls is the county seat of Wichita county, located in the northern part of the state 151 miles north west of Fort Worth close to the Oklahoma line. It is a city of 10,000 people, has an up-to-date street railway system operating as time goes on as can be found in the southwest which besides covering the principal part of the county extends to Lake Wichita which is 6 miles southwest a beautiful artificial lake covering about 3,000 acres which serves as a water supply for the city and irrigation purposes. The ground surrounding is also a haven for the pleasure seekers \$250,000.00 having been spent in building a pavilion hotel, ball park, race-track and club house, fair ground, etc. The city has five ward schools besides a \$50,000.00 high school, a business college and an academy for girls conducted by the Sisters of St. Mary. Six railroads serve the city this being the division point of all, the Perolla gas field only 16 miles distant furnishes gas in unlimited quantities. It is one of the most reliable sources in the south. All the leading religious denominations have places of worship, three having recently built new houses at a cost of from \$25,000 to \$35,000 each and two others will build in the near future, a few buildings of note who are now nearing completion are the City National Bank building a beautiful structure of five stories and basement which will cost \$150,000.00. Westland hotel on which the owner has spent \$35,000.00, the Union Passenger depot which will reach the \$100,000 mark, two large brick factories costing \$100,000 each a freight depot and machine shops. The city has four banks a large flouring mill, two ice plants and oil mill, cotton press, glass, planing mills, foundry and machine shops, candy factory, steam laundries, two daily papers and other industries which I fail to make a list of.

A \$1,000,000 packing plant seems a certainty, as the required bonus has been raised and contract signed also an automobile factory will probably be added to the list before the year is ended. Friends I am not a real estate agent, nor an advertising man just an innocent bystander.

M. M. PERKINS.

WHY SO WEAK.

Kidney Trouble May Be Sapping Your Life Away. Stanford People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, become weak, languid depressed, suffers backache, headache, dizzy spells and urinary disorders, kidney weakness may be the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Can Stanford readers demand further proof than the following statement:

Mrs. T. S. Ekkel New Danville Pike, Lancaster, Ky., says: "I feel very grateful to Doan's kidney pills for the benefit they brought me. My back was very lame and there was a constant pain in my back. Doan's Kidney Pills went at once to the root of the trouble and entirely relieved me. I have not the slightest hesitation in recommending Doan's Kidney Pills, as I know that they live up to all the claims made to them."

For sale by all dealers. Price 50 cents. Foster-McLurg Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

The House passed a bill giving rural route carriers an increase in salary of \$100 a year.

The Danville Advocate says: "Some months ago Gov. A. E. Wilson issued a pardon to Dick Bentley, who was serving a life sentence in the penitentiary under the habitual criminal act. Last week he was captured at Lawrenceburg, charged with attempting to assault a lady. It was necessary to spirit him to Louisville to prevent a mob from lynching him. This probably helped rile the people at Shelbyville and the lynching there followed. Gov. Wilson should not turn these habitual criminals upon the people."

A FINE SCHOOL. Without doubt one of the very best public schools in the state is that at Junction City. To begin with the structure occupies a commanding eminence in the little city at the crossroads of the two great trunk lines, and the trustees have taken pains to see that the building is splendidly equipped, and lacking in nothing which may go toward promoting the welfare of the pupils. First, breeding is doing a good work this year and everyone is greatly pleased with the results being attained. The average attendance is well over 200 per day.

THOUGHT IT A CASE OF LEPROSY.

BUT GERMAN WAS ONLY SUFFER-
ING FROM ECZEMA—BOARD
OF HEALTH ACTS.

Residents of Moreland and the West End thought they had a case of leprosy in their midst and for several weeks they have carefully avoided the residence of a German by the name of Toga, who has lived a rather secluded life two miles out from that bustling little city.

Complaint was made to County Judge James P. Bailey of the case, so he and Dr. J. B. Carpenter, of the Kentucky Medical Association, visited the man and examined him. Dr. Carpenter made a careful diagnosis and found that the man is suffering from an aggravated case of chronic eczema, of the hands feet and limbs. So there is no cause for any alarm on the part of the people of that section. Toga's wife died several years ago and he is said to have three children in Germany.

The Lincoln Board of Health met here on Wednesday to take action against the spread of contagious diseases. The following minutes was given the Interior Journal:

The Lincoln County Board of Health met today, the 25th, in Judge Bailey's office and elected him chairman, Dr. J. B. Carpenter was elected secretary of the board and County Health Officer. The local Board of Health for Lincoln county is composed of Judge Bailey, Squire John A. Singleton, King's Mountain, Dr. L. F. Jones, Crab Orchard, Dr. T. H. Singleton, McKinney, and Dr. J. G. Carpenter, Stanford. It shall be the duty of any of the board to visit and inspect the property or residence or business place of any citizen where a nuisance or a communicable, contagious, infectious or epidemic disease exist or is supposed to exist or to adopt unsanitary conditions that will produce diseases. All physicians of the county or adjacent counties practicing in Lincoln county and heads of families shall report the above disease to the local board of health or to come to one of its members at once within 24 hours for penalty for not doing so \$10 to \$100 for each day's neglect. Where diphtheria, membranous croup, scarlet fever, or scarlatina, measles, typhoid fever, yellow fever, cholera, tuberculosis, erysipelas, measles, roseola, mumps exist the head of the family and attending physician must place a red flag and when smallpox exists, a yellow flag must be placed by said parties.

Marriage Market.

**CONTINUES GOOD AT FIRST OF
NEW YEAR.**

The marriage license market, which was the best last year, so County Clerk Geo. B. Cooper says, in a long time, has held up well in the new year, and the demand for licenses has been very brisk and satisfactory. Marshall Hutchison and Gertrude Long a popular young couple of the Highland section, secured license here and were made one at the home of F. M. Long, on Jan. 1st.

Win. Stevens, and Miss Martha Elie Maron were married at Dan Masson on the 8th in the presence of a number of friends who wished them every happiness.

James Martin and Miss Dora Comp-ton, were married on the 8th at the home of the bride's father, and have the best wishes of many friends. Jackson Pollard and Miss Norma Wilson were united heart and hand for aye at the home of James Wilson, father of the bride in the Crab Orchard section, on the 8th. Both are very popular with all who know them and have the best wishes of everyone.

Robt. Martin, and Miss Beale Sul-liv of the Green river section, were made one on the 11th and were congratulated by many warm friends.

Thomas Jenkins and Miss Myrtle Wall secured license here and were married on the 18th at the home of J. M. Cook in the Waynesburg section. They have many good wishes for complete happiness.

Mr. J. L. Reynolds and Miss Ann L. Spoonmore drove over to Lancaster, Wednesday afternoon and were quietly married, Rev. F. M. Tindler officiating. Mr. Reynolds is a clever industrious farmer, honorable and honest to the limit of the word, while his bride is possessed of genuine womanly qualities a kind disposition and industrious nature, who will make an ideal helpmate to the man, who makes her his choice. They will go at once to housekeeping, on Fall Lick pike near Lancaster.

Good Liver Remedy Free

When you suffer from any form of indigestion it is always well to take something for the liver, as usually the trouble lies there. If you are bilious, have a bloaty feeling after eating, if you belch, if your skin is yellowish, you may be sure it is liver trouble.

What you need is something to stir up the liver, to arouse the gastric juices so that they will aid in the digestion of your food. A very good remedy for this, and one highly recommended by those who have used it, is Dr. Caldwell's Syrup Pepsin, which you can obtain of any druggist at fifty cents or one dollar a bottle. But if you have any doubt about its merits, and would prefer to try it first, send your address to Dr. Caldwell and he will promptly send you a free sample bottle.

Thousands of people first learned of this remarkable cure for stomach, liver and bowel troubles through a free sample. Mrs. Frank Lilly of Plainview, Ill., sent for one and it cured her and she is open in saying that she will never take pills or strong cathartics again, as Syrup Pepsin acts so mildly. Mr. W. L. Bryant, the Postmaster at Bardonia, Tenn., says he will never be without it again. No sick person can afford to ignore a remedy so highly endorsed as this. It is good for all the family from infancy to old age, because it is mild, free from gripping and yet promptly effective. Furthermore, results are absolutely guaranteed or money will be refunded.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 602 Caldwell Building, Monticello, Ill.

HERE'S THE BEST OF THEM ALL.
To every one who sends us \$1 for the L. J. either as a new subscriber or in renewal, before the first of April we will furnish a year's subscription to the Kentucky Farmer free. The Kentucky Farmer is a monthly journal devoted to the agricultural and live stock interests of Kentucky and the south. If you want to take a good farm paper, there's a chance to get one for nothing. Better hurry.

EVERY TUESDAY AND FRIDAY

POLITICAL ANNOUNCEMENTS

For Circuit Judge

The Interior Journal is authorized to announce Charles A. Hardin as a candidate for Circuit Judge of the Thirteenth Judicial District, at the election to be held November, 1911, subject to the action of the Democratic Party.

The Shelbyville News says that after the debate there on the 9th between Ex-Gov. Jas. B. McCreary and Congressman Ben Johnson, scores of people who had not made up their minds in the race, came to McCreary and told him they were for him. It is that way all over Kentucky. To try to attack the character of a public man like McCreary only makes the people more determined to stand by him. His life speaks for itself. — Jessamine News.

A number of the leading "progressive" republicans at Washington have formed a league to regenerate the country. Strange to say the platform of principles they stand on is composed chiefly of planks which have done service in the democratic party, for lo, these many years.

Some mighty interesting and instructive things are going to be said by Secretary Turner of the Anti-Tuberculosis Association at the court house next Tuesday. This is a subject which everyone ought to take an interest in and all who can attend.

Practically all of the Burley counties are falling into line for the cut out crop this year. Let the farmers stand together in this move and to success will get back to a profitable basis.

The condition of Mrs. Steele Bailey is very critical and hope for her recovery is practically abandoned. Her daughter, Mrs. Chas. Harville, is speeding on the way from her home in Utah with the hope that she may reach her mother before the end comes.

One of the swiftest social functions of the season was the bride's luncheon given by Mrs. J. B. Foster at her beautiful suburban home on Tuesday Jan. 24th in honor of her daughter Mrs. C. Hays Foster, formerly Miss Lalla Nickols, of Louisville. It was a beautiful affair in all its appointments and unique from the facts of there being seven brides present, showing cupid has been busy in this vicinity this winter.

Mrs. Foster was assisted in receiving by Mrs. C. Hays Foster, who was beautiful in her bridal robe; and by Mrs. John Owsley Held, who was lovely in white lace over pink and a big picture hat. The beautiful home was decorated, the color scheme being green and white, in the parlors an array of lovely wedding gifts, in cut glass, china, silver and bric-a-brac, the high esteem in which the young couple were held by their many friends.

A cute little contest in Mother Goose drawings done with needle and thread raised many a merry laugh. The prize was given to Mrs. Thomas Newland. The folding doors were then opened, disclosing the beautiful table; in the center a mass of ferns and bride's roses, lighted by candles with green candles. The place cards were bride and groom in water colors. Covers were laid for 11. A

most delicious six course luncheon was served in Mrs. Foster's most charming way. The refreshments were by Benedict.

The guests then adjourned to the parlors when all registered in the bride's book, to be kept as a treasure souvenir of her bride-hood. The guests were:

Mrs. John O. Held, Mrs. Joe McAlister, Mrs. T. W. Pennington, Mrs. A. B. Florence, Mrs. Adam Pence, Mrs. Thomas Newland, Mrs. Wm. Severance, Mrs. A. H. Severance, Miss Sallie Taylor Woods, Miss Sue Taylor Engleman, Mrs. J. W. Hutcheson, Mrs. J. C. Hays.
